### Signature Installation Guide

Using AlphaFix Method

Installation Guide Issue V1.0 14/07/22

#### 01 Placing the Signature Joint

Place first length of Signature Joint on the ground in an upright position. The Joint has a this way up sticker on it. But if that is missing, the top of the Joint has rebar ether side of the Joint 30mm from the top.

#### 02 Assemble dowel to the Joint

Insert dowel bar fully through the rectangle slot and ensure the sleeve is in contact with the Joint. Secure the dowel in place using the red plastic clips provided.
